5. A comprehensive review was held focussing on OC's long-range Strategic Plan and it was determined that the 18 projected major Office initiatives are on schedule and tracking well. It was decided that the plan would be further reviewed and updated at the OC Area Chiefs Conference, scheduled for September 1986.

9. OC has six Advanced Operations Training instructors currently conducting training at foreign field locations. Four additional instructors are preparing for upcoming TDY requirements in support of the OC Capitalization effort.

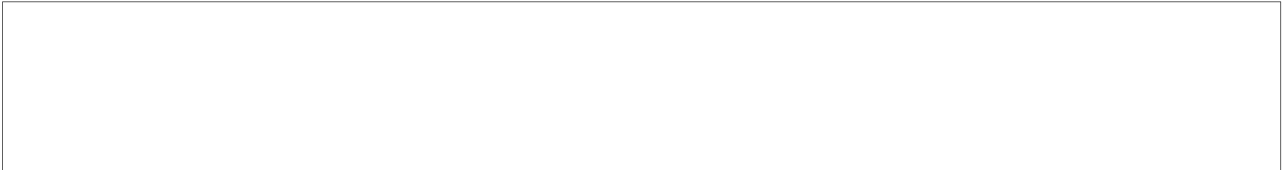

10. Formal acceptance testing of the MERCURY packet switching system commenced on 30 July [redacted] The testing has proceeded at a rapid pace with no major problems encountered. This phase of testing will be completed during the next reporting period, after which operational type stress testing of the packet switch system will begin.
